OUR MISSION & VISION

SAF Doctors focuses on alleviating pain and improving the quality of life for people. Our commitment to patients shapes all day-to-day decisions at SAF Doctors. Relentless customer focus, innovative solutions, disciplined execution and our dedicated people enable us to deliver products.

OUR MISSION

Alleviate pain and improve the quality of life for people.

Our main aim is to offer our customers and distributors excellent service, always of the finest quality, at extremely competitive prices.

OUR VISION

Going forward, we aim to expand our strong positions across the health continuum, extend our solutions capability to address our customers' unmet needs.

OUR PURPOSE

Physical health is never just about our body. It's our mind, feelings and ambitions. When something holds it back, it's our whole life on hold.

We're here to change that, help you stare down fear, and go on stronger. Inspired by a few words:

Live life to the fullest...happy, and healthy

OUR CULTURE PILLARS

*A successful business needs to have
a purpose-driven culture.*

CARE

A culture of empathy and understanding for each other, our customers and patients

- We step into our customers' shoes, anticipate their needs and deliver the highest levels of innovation and service
- We strive to have the best understanding of the patients whom we ultimately serve, and we develop our products with them in mind
- Our passion for what we do drives us to continuously improve and expand the positive impact that we have on the world.

COLLABORATION

A culture of teamwork, based on mutual trust and respect.

- We are stronger, and achieve more, as a team.
- Through transparent and respectful communication, we are motivated by a shared purpose and understand the impact of our individual contributions on our collective goals.

COURAGE

A culture of continuous learning, innovation and accountability

- By staying curious, thinking big and having the humility to challenge our conventional ways of thinking, we push the boundaries of our industry.
- Fostering an entrepreneurial, can-do attitude we look for solutions and achieve them through talent and force of will
- With a growth mindset, we have the capability and confidence to win, and we do so with integrity.

GANGRENE TREATMENT

CO2 TABLET

Carbon dioxide (CO₂) Tablets used in medical treatment:

The increase of CO₂ density in the tissues leads the body to a positive adverse reaction by increasing the O₂ ratio through the expansion of blood capillaries and arteries in the treated areas such as the diabolic foot. It also facilitates for the body to absorb the fluids that occur after the trauma and sports injuries such as cases of fragmentation and fracture or other similar cases.

Diseases that CO₂ helps to treat:

- Diabetic foot
- The beginning of gangrene
- Varicose veins in the foot
- Ankle and hand traumas
